Parties have agreed to explore the possibility of producing annual performance evaluations without the need for motion practice. As such, Defendants ask that their motion be held in abeyance so that parties can determine if they will be able to resolve this dispute without motion practice.

Parties will update the Court no later than August 16, 2024 as to their efforts and if parties are unable to agree, will propose a briefing schedule for Defendants' motion at that time.

We thank the Court for its time and attention.

Respectfully Submitted,
